Steamers.

The *Planet*, for Chicago, at 9 o'clock this evening, from JOHNSON & OLNSTED'S dock in the river.

The *Cleveland*, for Two Rivers and intermediate ports, this evening, from KELLOGG & STRONG'S dock.

Steamer *Arctic* leaves every Wednesday evening for Green Bay, from Kellogg & Strong's dock.

☞ Country Merchants visiting our city can find the location of the principal Wholesale Houses and Manufacturing Establishments, by viewing the Business Directory column of this paper.

NEWS ITEMS.—*The Ocean Cable*—A despatch from St. Johns, Newfoundland, states that the weather off the coast was fine yesterday. The telegraph fleet may be expected hourly now.

Filibusters—A large number of the victims of Walker's filibustering expedition are in New York, begging for help.

From Kansas—The operation of "subduing Kansas" is still going on. Besides attempting to compel the payment of the "bogus" taxes, the free state men are daily harassed with new indictments under the bogus laws, or arrests under old ones. The long suffering patience of these free state men is wonderful.

The Murder at Portage City.

The following is the result of the Coroner's inquest on the body of Mr. REYNOLDS, as given by the *Record*, of that city:

An inquisition taken at the Babcock House, in the city of Portage, in the county of Columbia, on the 16th day of August, 1857, before W. S. M. Abbott, one of the Jusuices of the peace for the said County, upon the view of the body of Wm. S. Reynolds, there dead, by the jurors whose names are hereunto subscribed, who being duly sworn to inquire on behalf of the of the State, when, and in what manner, and by what means the said William S. Reynolds came to his death, upon their oath do say: that on the 15th day of August, 1857, in the county of Columbia, John B. De Bay did feloniously, willfully, and of malice aforethought, shoot with powder and shot the deceased, and give him a mortal wound, of which the said Wm. S. Reynolds died immediately.—And so the jury say that John B. De Bay, him the said Wm. S. Reynolds, then and there in manner aforesaid feloniously willfully and of his malice aforethought did kill and murder.

In testimony whereof the said Justice of the Peace, and the said Jurors of this Inquest, have hereunto set their hands the day and year aforesaid.

PERRY LEE, F. CHOATE,
ALEX. MURISON, CHARLES BARRETT,
H. COOK, JOHN BEAN,
W. S. M. ABBOTT,
Justices of the Peace.

A note received by us yesterday, dated Monday, 12 M. says:

High state of excitement—strong determination to tear down the jail and take Du Bay and lynch him, and an equal determination on the part of the Sheriff to sustain the law. Look for the worst.

V.

P. S. We learned last night that a meeting of the citizens was held on Monday night, under much excitement, but adjourned for 24 hours.—The Sheriff had stationed a posse of 20 men to protect the jail. Many were threatening to take Du Bay, when he should be brought out for examination. We presume that he will not be brought out till the excitement of the people cools down in a measure.

☞ Edward Stanley, the Republican candidate for Governor in California, in his first speech, commented upon the Dred Scott decision, and informed his hearers that during the time when Judge Taney said the opinion was entertained that "negroes had no rights which white men were bound to respect," they were allowed to vote in North Carolina.

☞ Joshua Giddings has been supposed to be unable to take his seat in the next Congress. This, we are glad to know, is a mistake. He was well enough to make a telling speech at the recent Republican State Convention in Ohio, and will doubtless be at his post in Washington in December.

Progress of the La Crosse Road.

The grading and masonry is now nearly completed from the east end of this village to New Lisbon, and will be entirely finished to the Red Mills, four miles further, by the middle of October. Messrs. Garfield and Albee deserve great credit for the energy and perseverance they have manifested in pressing forward their division of the work.

We understand that the work on the eastern division, from this to the river at Kilbourn City, is in an advanced state of forwardness. There are now 130 carts, with a largely increased force of hands, at work on this division, which will be all ready for the iron as soon as the bridge will be in a state to pass the construction trains.—The work on the middle pier of the bridge is being pushed forward vigorously, and no doubt now remains but the whole structure will be finished by the 1st of November—the contract time.—The iron being all ready, and a large force prepared to lay it, we shall undoubtedly hear the neigh of the iron horse by the 1st of December.—*Mauston Star.*

ITEMS FROM THE PINERIES.—We clip the following paragraphs from the Stevens Point *Pinery* of the 15th instant:

QUICK.—Papers reach us in one day from Milwaukee. Passengers from here go through to Chicago in a day.

☞ The Mil. & H. R. R. Co. has bought all the River boats on the Fox and Wolf, and will soon run a line daily from the cars at Berlin, up the Fox, up the Wolf and to Oshkosh! This is the most important business movement that has been made for the year.

THE CARS!—Half our town, or less, has gone to the celebration at Berlin. They will have a joyous time with our Berlin neighbors. Is there anybody that longer doubts the success of this road? We expect the cars *here* within a twelvemonth. We are told that 15 miles of the track will be graded this fall on this side of Berlin, and that the iron will be secured forthwith. We believe it will be done.

☞ The Messrs. Helms of this village are among the enterprising, live men of the West. We mentioned three weeks ago, their having in connexion with Mr. Fox, made a trip to the sources of the Wisconsin in a birch canoe. They have now built a couple of beautiful boats, much after the model of the birch canoe, calculated to carry a couple of tons apiece, and yet so light as to be easily carried around the portages of the river. They are about to load these boats to their capacity, and fit out an expedition to make a permanent settlement on the Wisconsin, *mid way between Wausau and Ontonagon.* This will effectually open communication between the settlements on the Upper Wisconsin, and Lake Superior, establishing a *half way house* in the wilderness. Messrs Helms will make a point by this operation, and will deserve a rich reward.

WRECK OF THE STEAMER WISCONSIN FOUND.—We are favored by Capt. Newton of West Sister Island Lighthouse, with the following items respecting the discovery of the wreck of the Wisconsin, which as our readers will remember, was sunk by a collision, some four years ago Mr. Quigley, the submarine inspector, has, it seems, discovered the hull. He reports it lying S. and by W. ½ W. from Middle Sister Island; and S. E. by E. and ½ E from West Sister Light, in 35 feet water, with a heavy list aport, lying heavy on her guard. Most of her bulwarks and main decks are torn off; her large anchor and chain were on her starboard side, and her small anchor hanging at her starboard bow.—Her arches are entirely gone.

Mr. Quigley is now busily engaged in raising such parts of her tackle and machinery as is worth saving, and has already succeeded in getting up both of her anchors and chains, and will be engaged at the wreck for some days longer. It will be remembered that Mr. Q. was the chief engineer in getting up the American Express Co's Safe from the wreck of the Atlantic, last summer, one of the best submarine operations ever performed. Those of our citizens who wish to have a pleasant excursion, could not do better than to plan one from this city to West Sister Island, a very beautiful spot, and from thence to the wreck, where they would have an opportunity to see the manner in which submarine work is performed.—*Toledo Blade 15th.*

MASSACRE OF MISSIONARIES.—The following letter from Dr. Cay, Principal of Bishop's College, Calcutta, will have a painful interest for many readers:

BISHOP'S COLLEGE,
CALCUTTA, June 5, 1857.

DEAR SIR:—My last hasty note will have prepared you for my present sad tidings. The Delhi mission has been completely swept away.—Rumors to this effect were current from the beginning of the outbreak, but we kept on hoping that some of the members of the mission might have escaped.

It is not, indeed, absolutely certain, even now, what has occurred. Yet even the most sanguine are compelled to believe that the Rev. Mr Jenning and his daughter, Rev. Mr. Hubbard, Mr Sandys', and Chimmun Lall, were all killed.—Captain Douglas, too, a warm supporter of the mission, shared their fate. Of Ram Chunder and Louis Koch (the latter of whom left College only last January) nothing is said; they may, therefore, have escaped, though our hopes are of the faintest kind. Two native Christians succeeded in escaping to Agra. One of them says he saw Mr. Hubbard fall, the other that he saw Mr. Sandys' dead body.

FIRE AT GRAND HAVEN.—We learn that the Washington House, at Grand Haven, was destroyed by fire on Monday morning last. It had been regited and refurnished but a short time before, by the Leggat Brothers. We do not learn their loss. The loss to O. B. Allen, Esq. who owned the building, was about $6,000 It was insured.—*Det. Adv.* 17th.

CITY MATTERS.

POLICE COURT, AUGUST 18.

BEFORE CLINTON WALWORTH, POLICE JUSTICE.

Charles W. Mains, larceny, case adjourned.

F. S. Miller, fast driving on bridge, fined $2,00.

NEWHALL HOUSE OPENING FESTIVAL.—We publish to-day the order of arrangements adopted for the grand festival to come off soon in honor of the opening of the Newhall House. The interest felt in giving this splendid hotel a first rate "house-warming" is general among all classes of our citizens, and the affair will be a brilliant one, beyond a doubt. There is "ample room and verge enough" for everybody, and everybody is expected and cordially invited to be present. The wide halls and splendid saloons will echo on that night thousands of hearty welcomes to all who enter them. The Committee which has the arrangements in charge will spare no pains to have everything done in the most prompt and satisfactory style, and of course we need not say that Messrs. KEAN & RICE will do their part in a manner not to be surpassed anywhere.

In order to avoid confusion, it may as well be understood that guests are to be received only at the Main St. entrance, where checks will be given them in exchange for their tickets, which will admit them to the Albany Hall, where the Ball will take place, a temporary passage way being thrown across Michigan St. from the Hotel to the Ball Room. The Ball is to commence at 9 P. M. On leaving, guests will pass out at the Michigan doors.

The Committee of Reception will be present in the large parlor at the left of the main entrance to receive the guests, and see to their comfort.

The price of tickets is placed at $5,00, admitting a gentleman and the ladies of his party.

THE RAILROAD TO KILBOURN CITY.—By the Superintendent's notice it will be seen that another link in the long chain of the La Crosse R. R. is fastened to-day, and Kilburn City, near the Dells of the river, is switched into line. So they come, these fine inland towns, one after one another, into close communicut with us.

A trip out to Kilbourn City, and a day or two spent there, will be a delightful one now-a-days. *The Railroad crosses the river at Kilbourn City*, in spite of that "false map", and the bridge is progressing.

☞ A first class family horse, which can be warranted, for sale by Caleb Wall, City Auction Room. Also a buggy an harness.

TURNER LEAGUE FESTIVAL.—The Seventh annual Festival of the Turner League (Turner Band) of North America will be held in this city a fortnight hence. The exercises will occupy three days, the 31st of August and the 1st and 2nd of September. The guests from abroad will arrive here on Saturday, the 29th of August, and a Grand Torchlight procession will be given in their honor, the same evening. On Monday, the 31st there will be a grand Military and Civic Procession through the principal streets of the City to the Fair grounds on Spring Street Hill, where there will be Speeches, Music, Singing Gymnastic exercises of all sorts. On the same day, there will be Target Shooting, Sword exercise and fencing and, in the evening, a grand ball at Albany Hall, where the prizes will be presented by ladies. On the third day, there will be a Pic-Nic.

Prizes will be given for the best performance in Gymnastics, Fencing, Singing, Composition, Declamation, &c., A large attendance is expected from abroad and the cheerful co operation of the Military Companies and other associations in our city is invited and hoped for. With pleasant weather this Turner Festival cannot fail to be highly attractive.

WISCONSIN AND ITS RESOURCES; WITH LAKE SUPERIOR, ITS COMMERCE AND NAVIGATION."—This is the title of the new book, by JAMES S. RITCHIE, lately publisher in Philadelphia. We are indebted to the publisher, CHAS. DESILVER, for a copy by mail. It is a well printed and bound book of 312 pages, full of information, about our Empire State of the West, with descriptions of Milwaukee, Madison, and other towns, and altogether making the most valuable book yet published in Wisconsin.

The Lake Superior country receives ample notice, and the book has two very neat and correct maps, one of the whole State, and one of the Lake Superior region. The Editor, Mr. RITCHIE we understand, has started on a boat trip from Philadelphia through the N. Y. canals and the lakes to Superior, thence up the St. Louis river to the portage leading across to the head waters of the Mississippi, intending to descend to Prairie du Chien, and thence come through to the lakes by the Wisconsin and Neemah rivers. In a letter to us, he expresses the opinion that such a trip will be as worthy of a chronicle as the voyage of the *Maderia Pet* from Liverpool to Chicago.

PAVING.—The good work of paving Erie St. from East-Water St. toward the lake has commenced. The work is done with square stone, and well done as far as it has progressed.

The job of paving West Water and Reed Sts., from the Mononomee bridge south, gets along slowly, and a part of that street is in an abominable condition.

The heavy job of paving Main St. from Mason St. to the Milwaukee river, has been pushed on with commendable diligence, and is nearly completed, the East half of the block between Milwaukee and Michigan Sts., the crossing of Wisconsin St. and the portion in front of Young's new building, and from Chicago St. South, only remaining. It will add immensely to the value of property on Main St., which is bound to be we think, our most important street for the retail trade.

THE UNION GUARD OF MILWAUKEE.—About day-night on Saturday morning, the Union Guard, Capt. O'Neil, rencued this city by boat from Milwaukee. They were welcomed by a salute of artillery fired by a detachment of the Light Artillery, detailed for that purpose, and were received by the Montgomery Guard, Capt. Gleason, and a detachment of the Emmet Guard. The Union Guard numbered thirty-six muskets, and were accompanied by Col. John White, of Milwaukee. The strangers were escorted to the Armory of the Montgomery Guard, and after partaking of an excellent breakfast, they were dismissed from duty until 11 o'clock.

At noon the members of the Union, Montgomery and Emmet Guards, with a large number of ladies and invited guests, proceeded to Cottage Grove, in a special train. Under the trees a sumptuous collation had been spread by Messrs. Pitkin & White, of "The Cottage." At two o'clock the companies and their guests, numbering about two hundred persons, sat down to the bountifully supplied tables. Capt. Gleason, of the Montgomery Guard, presided, assisted by Col. White and Capt. O'Neil, of the Union Guard. After ample justice had been to the viands, the cloth was removed, and wit, wine and song ruled the hour.

Speeches were made by Col. White, Capt. O'Neil, Mr. McGrady and Mr. Heron, of Milwaukee; Col. Lieb and Col. Persson, of Maj. Gen. Beaubien's Staff; Major Backer, of the Light Dragoons; Capt. Smith, of the Light Artillery; Capt. Gleason, of the Montgomery Guard; Capt Shebley, of the Emmet Guard; D. McIlroy, Esq., R. S. Blackwell, Esq., Chief Engineer McBride and others.

After the dinner the companies went through a number of Military manœuvers very creditably and at 5 o'clock returned to the city. At 10 o'clock the Milwaukee guests returned to their homes by the night steamer, evidently well pleased with the hospitality they had enjoyed. The Union Guard was accompanied by the Washington Brass Band of Milwaukee.—*Chicago Trib.*

PUTNAM'S MONTHLY.—HOUSEHOLD WORDS FOR AUGUST.—We are indebted to Dr. SMITH, the general agent for the publishers, for copies of the August number of the above Magazines.

PUTNAM is full of interesting matter, four of the articles being profusely as well as capitally illustrated. The number opens with the beautiful old ballad of Beth Gelert, illustrated. The best article is one giving results of a Journey in Africa, with illustrations of customs and oddities, things and places.

HOUSEHOLD WORDS, always a favorite with us, is full, as usual, of entertaining and instructive matter, from some of the most graphic of the busy pens of England.

WHEELOCK'S PATENT BAKER.—We had a call a day or two since, from an old gentleman from Hartford, Washington County, a Mr. WHEELOCK, who brought with him a model of a sheet iron contrivance for baking and other culinary operations, invented by his son, intended to be heated with charcoal, and to save the expenditure of fuel, and prevent the necessity of getting up a great heat in the summer. The flues are so arranged that by setting the baker on the stove, the fumes of the coal pass off up the pipe. Baking, heating of water, and heating of flat irons may be carried on with a mere handful of coal.

IMPROVEMENTS ON MAIN STREET.—We learn that a handsome brick block, corresponding in style with "the Albany," is to be erected, forthwith, on Main street, upon the lot next south of, and adjoining "the Albany." On the first floor there will be a first-class Restaurant; in the second story, a large and elegant Billiard Room; while the third story will be fitted up as a Supper, or Dining Hall, and will connect immediately with the splendid Ball Room of "the Albany."

WEST'S PATENT GALVANIC CEMENT FOR ROOFING.—The advertisement of this well known roofing material will be found in another column, this morning. We invite the attention of builders, or persons who are about putting up new buildings. It is one of the best and most extensive used cements for roofing in the country, and we have never heard of a case in which it has not given perfect satisfaction.

M. E. CONFERENCE.—The Wisconsin Conference of the M. E. Church is to be held at the Spring St. Church, in this city, on Wednesday, the 26th inst. Rev. Mr. Ames, of Indiana, will be the presiding Bishop of the Conference.

WEATHER.—Yesterday was a glorious day.—The air was pure and fresh, the sun's rays tempered by a good breeze—the skies of the deepest, clearest blue, with masses of white fleecy clouds rolling about lazily in the expanse.

☞ This morning, Ogden & Wall will sell that great place, Judge Smith's Addition at public auction, at the City Land Office, on Michigan street, opposite the Newhall House. This is a grand chance to speculate and get a home on easy terms. The terms will be 10 per cent down, 10 per cent in 30 days, balance in 5 or 8 years. Attend the sale all of you.

RICH PARTY SILKS—DIBBLE & STONE have just received some of the handsomest party silks ever exhibited in the city, for almost any price under one hundred dollars, bought expressly for the Newhall House festival. Ladies please take notice.

ACKNOWLEDGEMENT.—By the steamer *Ocean Wave* we have our supplies of papers from Minnesota, containg sundry items of news, which we publish to-day.

The Chinese correspondent of the *Times*, writing on board the U. S. Steamship San Jacinto, June 9th, reiterates the report that the Island of Formosa is to be seized and held as an indemnification for the losses sustained by American citizens, during the recent war. He says that Capt. Hennas, of the marine corps attached to the San Jacinto, was three months previously dispatched to Formosa with instructions to hoist the American flag in the city of Fang Chan, and take formal possession of the Island. The same correspondent says that the rebels in the northern part of China have captured the cities of Shanwoo and Gen Sing in the interior, and are advancing on Hobow. The Imperial forces, in the vicinity of the Chinese Suchan, have revolted, driving the Governor of the Province and his officials from the city, and have taken possession of and and robbed the military chest of 50,000 dollars of silver.

ST. JOHN'S, N. F. Aug. 18—3. P. M.

The fate of the enterprise for connecting Ireland with Ireland will much depend upon the character of this weather. We shall report the same, early, until the telegraph fleet arrives at Trinity Bay.

Yesterday the weather was cold, with but little wind from the north-west. To-day it is pleasant, with a gentle wind from the west.

BOSTON, Aug. 18—9 P. M.

A suit, claiming $25,000 damages for an alleged breach of promise of marriage, is causing considerable excitement in the fashionable circles of this city. The parties are Moses Ingle, of N. Y., plaintiff, and Dr. Geo. Hayward and wife defendants. Mr. Ingle met Mrs. Hayward in Europe, as the youthful, beautiful and wealthy widow of the late Amos Binney, there, he says, she promised to marry him. The defendants are now abroad. Rufus Choate and Peleg W. Chandler are retained for the defence. It is thought that the case will be pressed to trial.

ARRIVAL OF THE COLUMBIA.

Four Days Later from Europe.

NEW YORK, Aug. 17.

The steamship Columbia, from Liverpool, at 10 o'clock the morning of the 5th, arrived here at 9 o'clock this morning. The screw steamship Jason was to leave Southampton for New York the same day. The Arabia arrived at Liverpool on Sunday morning, the 2d. The City of Washington was off Liverpool on the 3th.

There is but little news by this arrival. The English papers were mainly occupied with rumors and speculation in the absence of further advices upon the affairs of India.

GREAT BRITAIN.—In the House of Lords on Monday, Lord Panmure introduced a bill empowering the government to embody and call out the military at any time before the 25th of March next, without having to call Parliament together again.

He said that a state of things existed in India which caused this great drain upon the Queen's forces, as if the country was engaged in a foreign war, but to meet this drain ten new batallions were to be raised and the regiments were to be increased from 840 to 1,000, rank and file, and those serving in India from 1,000 to 1,200. All this could be done without going beyond existing acts, and the charge would mainly fall on the East India company, but as time would be necessary to provide this increase and the country in the interior be drained of troops, the embodiment of the militia might become necessary, hence the proposition. After some remarks from the opposition, the bill was read the first time.

Lord Brougham moved for a return of the electors in the last parliamentary contest, and spoke at length in favor of an enlargement of the franchise. He protested, however, against any alteration of the constitution of the country with a view to make it more democratic, as he thought enough had been done in that direction by the reform bill of 1832.

Foreign Markets.

LIVERPOOL, Aug. 4.

BREADSTUFFS.—The weather was generally fine and harvesting was going on quite briskly in the southern and middle counties of England. The market was very dull at a decline of 1@3d per bushel on wheat, 6d per barrel on flour, and 6 pence per bushel on mixed and yellow corn. It was variously reported in the Liverpool circulars that white corn had undergone no change.

PROVISIONS.—Beef and Pork quiet and unchanged. Lard had advanced to 7s, but closed quiet. Bacon dull—a large quantity had been offered at auction, but nearly the whole of it was withdrawn on account of the low prices bid.

COTTON.—The Cotton market has become very quiet, but prices are firmly maintained.

LONDON MARKETS.—Sugar had declined 6d@1s Coffee dull and slightly lower. Teas firm; sales of wool progressing but at unchanged rates.

MONEY MARKET.—Consols for money and account 93¾@94. The money market prospects were unfavorable. An Indian Loan of from million to ten million pounds was spoken of.

The silver shipments by mail on the 4th inst., to India and China, exceeded £1,000,000 sterling. The East India company had given notice of a further rise of 2 per cent on their rates for bills on India.

The Southern Convention.

KNOXVILLE, August 12, 1857.

The Business Committee reported to-day against free trade and direct taxation; against the South receiving goods from States not upholding the Fugitive Slave Law; against any discrimination of the government in favor of foreign mail lines from Northern ports; in favor of the exemption of one slave to each slaveholder from seizure for debt; in favor of erecting Arezonia into a Territory; in favor of recovering certain lands lost by recent treaty with Mexico; also reported that the time had not yet arrived for the calling of a Convention in reference to the African slave trade.

Resolutions in favor of Montgomery as the next place of meeting of the Convention, and in favor of the withdrawal of the squadron from the African coast, were adopted.

The Anti-Bank Democracy.

It is a great mistake to suppose that our fellow citizen, Mayor Cross, is at all likely to receive the "regular nomination" for Governor. As the representative of the Barstow interest, and upon his own general merits, Mayor Cross would indeed be a very prominent candidate. But then he has committed an unpardonable sin and willfully set his face against all the "established usages" and "safe precedents" of the Democratic party. Not having the fear of the anti-bank Democracy before his eyes, Mayor Cross has deliberately gone to work, got up a *Bank* (!!) and accepted the Presidency thereof! We are aware that our democratic readers, startled at this assertion, will be more than half inclined to treat it as an "electioneering device," or "Black Republican invention." But let them look at our advertising columns. There the damning fact is boldly proclaimed to our astonished world over Mayor Cross own signature! Of course, it is idle to suppose that after this development any of the real democracy, those who denounce Banks, are down on paper money and go in exclusively for gold and silver as the only "constitutional currency," will support a man for Governor who is not only indentified with, but actually presides over one of these "rag mills" and "shin plaster factories." It is asking too much of human nature to expect the sturdy and consistent anti-bank currency to vote for a Bank President.

The Weather and Crops.

Within the past week our State has been visited with several heavy rain and hail-storms, which have done a good deal of damage to the yet ungathered crops. In some parts of Marquette, Marathon and other northern counties, the hail was very destructive, cutting up gardens and laying low the grain-fields. Along the line of the La Crosse road heavy rains have fallen, and in this vicinity we have had some drenching showers. Yesterday, however, the weather was cool and clear and seemed to have "set fair." If so, the damage to the crops will, we trust, prove to be comparatively small. The yield everywhere, and of all grain and root crops is unprecedentedly large, and we only need a fortnight or so, of fine weather, to ensure a superabundant harvest. Let us hope that smiling skies will not be wanting to cheer the Farmers' Harvest Home.

The Anties Wide Awake.

The Madison *Patriot*, Anti-Barstow Democrat, talks very plain English to the remnant of the "Forty," which are raising their heads now-a-days. It says:

It is our desire to see peace, harmony and good will reign in the Democratic ranks—but *we will not* submit to be made a tool of by Forty Thieves and their milk-and-water—Good-Lord-and-good-devil aides—no how! They may put up such convenient tools as they may topeln, and when they are put up, the Forty may sustain them—we apprehend the people will look in quite an other direction, since they are not willing to recognize Anti-Barstow men as Democrats—there by making Barstow-ism the test of Democracy—they need not expect to receive that class of votes, and they need not complain if, when the tight pinch comes, they find them voters whom they would ignore, as independents as they themselves dare be. We wish them to understand that in the county nominations are *not* elections, and that the people yet have sense enough to treat Demagogues as they deserve.

The *News* will doubtless call the *Patriot* to order. The Anties, having been ousted—kicked out—from nearly all the posts of honor under the Administration, are expected to go in now for "Union and Harmony!"

An Explanation.

The *News* copies, wisely without comment, an extract from the Lecompton (Kansas) *Democrat*, (which paper, we presume, does the printing for the bogus officials) in which a sort of explanation is given of the recent scandalous apportionment. The *Democrat* says:

Annexed will be found the Legislative apportionment, made in pursuance of law by the Speaker of the House and President of the Council. If this apportionment was not made by the Governor of the Territory, on or before the first of June, 1857, the duty was devolved by law on the above named officers. This new law with others, we recn, as required by law, to the city of St. Louis to be printed in pamphlet form, and no copy reached Gov. Walker until about the middle of June, when his power to make the appointment had ceased, nor did he know till then of its existence. At the earliest moment he sent a copy of the law to the proper officers, and the result of their action is given below. The Apportionment was received by Governor Walker on Saturday, the 18th, inst.

The "Great Pacificator," Walker, is thus represented as not knowing of the passage of the "law" of the Convention, leaving the apportionment to him and the Secretary, until after that law had been sent to St. Louis to be printed, and returned from that city? Does anybody believe it?

LIBERTY OF SPEECH IN VIRGINIA.—The Grand Jury of Prince William county, Virginia, have found a true bill against John Underwood, for maintaining, by speaking, that "an owner has no right of property in his slaves," etc., and he has been held to bail in the sum of five hundred dollars, for his appearance at the November court. Mr. Underwood is a justice of the peace, but it seems that public magistrates in Virginia are not to condemn the laws or institutions of the State. How are bad laws to be remedied or injurious institutions to be overthrown, if those who live under them are not to discuss freely their character? It does not appear that Mr. Underwood took any improper time or occasion to preach his peculiar notions, made no attempt to indoctrinate the slaves with such notions, or to create insurrection among them by his speaking, but expressed himself only in the manner that any free citizen would naturally do in a free State, against what he believed to be a moral wrong and a political injury.

THE MINNESOTA CONVENTION DIFFICULTY.—The delegate-like gathering at St. Paul, calling itself the Convention, refuses to answer to the invitation of the Republicans for a consolidation, because the latter desired a committee to be formed of those *elected beyond dispute*. The democrats would be glad, doubtless, to have the Pembina interlopers recognized as delegates by the Republicans.

RACING ON THE OCEAN.—The Ocean Steamers Vanderbilt and Atlantic left New York at the same hour on the 1st inst. On the 3d they were spoken by a vessel bound in, and both steamers were getting in the top of their speed, and sailing very near together, only an hour or two apart—the Vanderbilt having the lead. The commanders evidently have determined to have an ocean race to test the speed of their respective vessels.

Very well, if the public understand it before hand, and passengers go aboard with their eyes open to the danger. But some of these days will come a "dreadful accident," and "terrible loss of life," to be chronicled as a "mysterious dispensation of Providence."

LIBERAL OFFER.—The Prairie du Chien *Leader* says that Mr. PARKE, a large land holder of that place, offers to give twenty first rate lots to as many men, who will engage to build houses upon them immediately.

SPURIOUS WINE.—The New York *Courier and Enquirer* says that Catawba wine is much imitated and adulterated, and that there are thirteen establishments in that city which "manufacture" cheap wine by saturating "still wines" with carbonic acid.

☞ In the eastern part of the State of Massachusetts, some 80,000 acres are covered with peat to the depth of six feet four inches, on the average. The quantity has been estimated at 150,000,000 tons. P at fuel, properly prepared, rivals, in cheapness, light, and warmth, the best varieties of cannel coal.—*Exchange.*

We have already chronicled the discovery of peat in vast quantities in various parts of our State, but do not yet learn of its being put to much practical use. If we do not mistake, the Delavan *Messenger* some time since mentioned the case of a person in the South-west part of Walworth Co., who was using peat extensively. We clipped a paragraph alluding to the subject, but have lost it. We should be glad to hear from any person who is acquainted with the facts. In our prairie counties, peat ought to be very valuable as fuel for everyday use.

☞ A WONDERFUL MACHINE.—The Dudley Observatory, recently established at Albany, New York, under the auspices of Mr. Dudley's munificence and the eloquence of Mr. Everett, has been presented with a calculating engine, the operation of which is one of the marvels of modern science. This extraordinary invention is the work of a Swedish mechanician and the labor of twenty years. It was built at Stockholm, and to aid in its completion, the Swedish Government has at different times given more than ten thousand dollars. With prepared formula it will do the work of four computers. It will calculate almost every description of mathematical tables, and not only calculate, but stereotype and print them.

THE GREAT EASTERN.—The N. Y. *Tribune* learns from a reliable source that the Directors of the Company owning this ship, are proposing to reduce the price of tourist tickets from £100 to £50, and intend also to issue tickets on this side of the Atlantic for a European trip. The route for tourists in this country will be such as to embrace everything worthy of attention between Portland and Chicago, Washington and Quebec.

☞ A convention of American locomotive builders was held on the 15th ult., in the city of New York, in which were represented twelve of the largest works in the United States. The results of a discussion of common interests are the adoption of a resolution to discountenance the making of contracts for locomotive engines hereafter, for railroad securities, or for longer paper than is usually taken by merchants for the sale of merchandize.

☞ In the case of the Union Mutual Insurance Company of New York, against the Indianapolis and Cincinnati Railroad, the Supreme Court of Ohio has decided that the defendants were liable for goods destroyed upon their trains by fire, of which the cause was not known. The court ruled that, failing to prove that the fire was unavoidable, the defendants were liable.

THE HYATT HOUSE, JANESVILLE.—The Janesville *Gazette* announces that the Hyatt House will be opened for the reception of guests on Wednesday next, the 26th of August. It is one of the finest Hotels in the Northwest: a credit to its projectors and an ornament to Janesville.

HOTEL AT SUPERIOR.—It is stated that Elisha Riggs, the banker of Washington, has entered into obligations with the proprietors of the City of Superior, at the head waters of Lake Superior to erect at that place, within two years, a hotel costing not less than one hundred thousand dollars.

MORE ABOUT THE CHILTON CASE.—Mr. MULLANE, the Lima Supervisor, who was represented in the State officers' manifesto as having felt the weight of Attorney General Smith's arm, thus answers for himself in the Appleton *Crescent*:

During the sale, I was aware that the course which I adopted in regard to claimants had brought upon me the displeasure of the officers. I bought a few pieces of land, and in the afternoon I applied for my receipts. I found one piece of land set down to one which I was satisfied was not the land I bid off, and it was in relation to this piece that I got into dispute with the officers; and when they state that I said I had no business with them, they publish a lie. Mr. Kuehn, thinking, perhaps, that an Irishman had no business to discuss his rights with a State officer, in an offensive manner ordered me away. I told him I would leave as soon as they gave me the receipt for the land I had purchased.

Mr. Kuehn then seized hold of me to push me back, and General Smith in a cowardly manner tried to hit me, striking over the shoulders of two or three officers. I did not strike back at him; I should as soon think of striking my great-grandmother.

The settlers who were behind me, and whom I am charged with keeping away from doing their business, were incensed that the State officers should make a personal attack upon me, for defending my rights. They made a rush towards them, and the officers retired back into the room. Gen'l Smith run like a frightened cat into some other part of the house, but no one followed him. Mr. Kuehn and the clerks gathered up the books and papers and walked out of the room unmolested. Soon after Mr. Hobart came into the room and told me that it was our business to leave and not interfere with the business of the officers. We then immediately left. General Smith came back from his hiding place, and the officers resumed and finished their business without the least symptom of further disturbance.

A Well Deserved Compliment—Gov. Chase Unanimously Renominated—His Acceptance.

In the late Republican State Convention of Ohio, a member arose and moved that Governor S. P. CHASE be re-nominated by acclamation.—The question was put and *unanimously* carried, every member rising in his seat in the hearty response.

Gov. CHASE was introduced to the Convention, and in accepting the nomination, said:

Mr. President and Gentlemen: I have no words to express my profound thanks for the greeting and the honor you have done me. It is well known that I have not sought this nomination. My personal feelings and my private wishes would have better consulted, if some other and worthier citizen had been chosen to lead the Republican column. I should have rejoiced to have joined with you in the ranks in the election of such a man.

I feel too deeply for words appropriately to express my hiddebtedness for your generous support heretofore, and more than generous approval and support of me in the position I now hold, and cannot find it in my heart to decline this, your unanimous nomination, and invitation to a new contest.

I am full of gratitude for your known zeal for your noble cause worthy of our united efforts, full of confidence in the triumph of your glorious principles, and declare myself ready to take into my hand, and resolve, with God's blessing, to stand by it, the standard of Human Rights and Reform, pledging you that it never shall be dishonored.

I come here to announce no new platform or other topics. I rely on my past declarations of opinion from which I have seen no cause to swerve.

I tender you my thanks for your kindness on this and past occasions, and I pledge you to continue to maintain the inestimable rights of man and the sovereignty of the State. More than all, I will maintain the union of these States.

I accept gratefully your invitation, to be the standard-bearer of the Republican party, and promise on all occasions, everywhere, to be the ardent advocate, the earnest maintainer, and God helping me, the exemplifier of their noble principles.

THE OHIO DEMOCRACY.—The Dred Scott decisions, the Slave hunts, and the general crowding to the wall of northern democrats in Ohio by the Federal authorities, are having the effect of disgusting a great many who have yet some courage and self-respect. The Cincinnati *Gazette* says:

"Those Dred Scott approvals and United States Marshal arrests have most seriously affected Democratic Supreme Judges of Ohio. Judge Caldwell, and Judge Corwin, late of that distinguished tribunal, have in the fullest extent of indignant language and eloquent philipic, denounced the proceedings had towards the freemen of Ohio, and Judge Warden, quondam of the same bench, has left the party altogether, and declares his purpose to vote the Republican ticket."

TALL CORN.—Mr. Isaac Pixley, of the town of Janesville, sends us a stalk of dent corn which is eleven feet and four inches high!—The joint on which the corn grows is over five feet from the ground. It is only seventy days since the corn from which this stalk grew was in the crib. This remarkable growth shows the fertility of our soil as well as good cultivation.—*Janesville Gazette, Aug.* 18.

For the Sentinel.

The Governorship.

MESSRS EDITORS:—

Having heard the name of WM. A. PRENTISS Esq., of our City, very frequently and favorably mentioned in connection with the Governorship, we would suggest that his name be brought before the Republican Convention, and his claims and qualifications closely examined. We think him decidedly the best man yet named. He is, we understand, in New York at present, and we do not know whether he would countenance such a step. However, we have heard so much said upon the subject, we have taken the responsibility.

Yours,
SEVERAL REPUBLICANS.

MILWAUKEE, Aug. 17, 1857.

For the Sentinel.

The Bank Controllorship.

MILWAUKEE, 18TH AUG. 1857.

MESSRS EDITORS.—As the time for the meeting of our State Republican Convention draws near, the names of numerous candidates for the different offices are duly heralded forth by the public prints, and their respective merits and demerits are thoroughly canvassed by the people at large.

Such a course is merely what is to be expected and is at the same time very beneficial, as it gives the members of the Convention an opportunity to acquire information as to the standing and qualifications of the various candidates.

An ample choice of names is thus brought forward, so that the Convention, if disposed to do its work honestly, can have but little difficulty in nominating those who are best adapted to fill the different offices, and at the same time, are most likely to be acceptable to the electors throughout the State.

In connection with the above, I would beg leave to suggest as a proper person to fill the office of Bank Comptroller, our late townsman Mr. ROBERT MEGINS. To recommend him strongly to the people of Milwaukee would be simply superfluous. A ten year's residence among us has stamped him as a gentleman of excellent business habits, strict integrity, and unblemished moral character. Frank, affable, and courteous to all with whom he came in contact; as well known as the town clock, and as well liked as he was known, our citizens generally would have no hesitation in supporting him. His banking associates and acquaintances, here and all over the State, will vouch for his entire fitness to discharge the duties of the situation with efficiency and impartiality as regards the public, and with credit and honor to himself and supporters.

MR. MENZIES has never figured as a prominent politician—another reason why he should be selected, as the Comptrollership is an office which should be kept as distinct as possible from the influences of party politics.

It being generally understood that the present worthy incumbent does not desire a re-election, it is to be hoped that the Convention will not altogether overlook a gentleman so perfectly eligible to this important trust as MR. MENZIES.

Yours &c. S.

THACKERAY'S DEFEAT.—The genial author of Pendennis and Vanity Fair is no less good natured since his defeat in the aristocratic borough of Oxford, than when his prospects were flattering, and he flung down his democratic gauntlet so defiantly. Here is his last speech:

I have done my duty honestly to this city, and I believe that is the reason why I am placed in the minority; but I am content to bow to that decision. Those gentlemen who will take the trouble to read my books—and I shall be as glad to have as many of you for subscribers as will come forward—will be able to say whether there is anything in them that should not be read for any one's children, or my own, or by any Christian man. I say, on this ground, I will retire, and take my place, with my pen and ink at my desk, and leave to Mr. Cardwell a business which I am sure he understands better than I do.—(Cheers.

BAYARD TAYLOR ON ENGLISH RAILWAYS.—Bayard Taylor, in a late letter to the *Tribune*, writes as follows concerning the Railroads in England, as compared with the same in America and on the Continent:

We have an idea in America that the rate of speed on the English railroads is not only much greater than upon ours, but that the time tables are adhered to with more exactness. I have not found this to be the case. Express trains rarely exceed 35 miles per hour, and not more than one train out of ten comes up to its published time, so far as my experience goes. On the New York and Boston, the Hudson River, and the New York and Erie lines, you have greater speed and equal punctuality. There is upon all roads in England a tiresome custom of stopping the trains ten or fifteen minutes before entering the final station, to collect the passengers' tickets.—The fares are not only much higher than upon Continental railways, but the carriages are far less comfortable, the first-class being often less agreeable than the German second class, while the second class is on a par with the fourth on many continental roads.

Outagamie County

We are indebted to John Jewett, Jr., Deputy Clerk of the County Board, for the following statistical information, gathered from the assessment rolls of the several towns:

Whole No. of acres assessed,	238,399.85
Assessed value thereof,	$452,442 46
" " personal property	10,666 00
Whole No. city & vil. lots assessed,	1,788
Assessed value of do.,	$96,087 00
Average ass'd value per acre,	1 90
" " " of each lot,	53 80

This gives an aggregate real estate valuation in the county of $643,529 46, and a total valuation of real and personal property amounting to $559,193 40—just about four hundred and fifty thousand dollars less than it ought to figure up. However, the assessment is more equal in this respect than ever before, and the State Board of Equalization will probably content themselves with adding about that amount to the assessed value.

Assessments in this State are so much of a farce, that it is doing pretty well to get property assessed at one-half its lowest cash value.—*Appleton Crescent.*

RAIL ROAD FESTIVAL AT BERLIN.—Yesterday was the day fixed for celebrating the opening of the Rail Road to Berlin. In response to a polite invitation, the editor has gone to partake in its festivities. Some 10 years ago he was there on the occasion of the gathering of a convention of delegates from the counties of Marquette and Winnebago, to nominate a whig candidate for the Constitutional Convention. Nathan Strong, Thomas Noys and a brother-in law with their families, were then the sole occupants of Strong's Landing, now Berlin—and while "the lobby" (among whom were Jed. Smalley, Sam. Farnsworth and others who have since left the stage of action here,) for want of room inside, discussed matters over a burning log-heap outside Noyes' Shanty, the delegates, 20 in number, gathered inside and nominated the aforesaid editor for the honor of representing the two young counties, in the convention to frame a State Constitution.

It was meet, perhaps, that he should be there on the occasion of this festival, to mark the onward progress of cultivation and population toward the north. The native grandeur and primeval glory of "Strong's Landing" has given place to the busy, bustling, thriving *City of Berlin.* The iron horse with the eager, money-seeking current of humanity in its train, has ousched the Fox, whose now teeming waters echo back its greeting with unminished fervor. The event is worthy of note and wherein its onward course the ferry steed wakes at Stevens' Point "old Wisconsin" from its slumbers, may be there too make a note of "time and tide."—*Neenah Conservator.*

NORTHERN MICHIGAN AND WISCONSIN R. R.—We are gratified to learn that certain parties in Milwaukee and other parts of Wisconsin have made liberal subscriptions to the stock of the above company, and that an immediate legal organization is contemplated. By reference to another column it will be seen that a meeting of stockholders will take place on Saturday evening next. It is quite desirable that a full attendance be had, as important measures will be brought before the meeting.—*Lake Superior Miner.*

CLEVELAND AND CHICAGO CRICKET MATCH.—The cricket match between the first eleven of the Cleveland club, and the first eleven of the Chicago club, came off at Cleveland on Friday, the Chicago eleven winning handsomely. The game was played out, the Chicago eleven having one innings and two runs to spare. The following is a brief synopsis: Cleveland, first innings, 36 runs. Chicago, first innings, 79 runs. The return match will be played in this city next spring.—*Chicago Tribune.*

From the Big Sioux River.

By the arrival in this city yesterday of five members of the Dakota Land Co., we are placed in possession of some later advices from the Indian Territory.

He states that Col Nobles has met with more determined resistance than was anticipated at last reports, the Yanktons having peremptorily forbidden him to go beyond the Sioux, or even to occupy that country longer, unless he should first pay them for the right of way. Col N. expostulated and tried to reason with them, but they insisted upon their conditions. He told them that he would give them a little something out of his own salary, and would use his influence with the Government at Washington to have them paid. To this they filed a positive demurrer; said that they would'nt stand any such half-promises; declared that they had been honxed and cheated by Uncle Sam's lingo for the last twenty years, and now they wouldn't believe anything but hard cash. They said they did not wish to kill any white men, but if the intruders did not leave, they would meet them on the James with three hundred lodges and drive them off. In this position of things Col. Nobles wisely determined to leave the Sioux river and retire to the head-waters of the Cottonwood, about 80 miles this side, where he now remains with his company, watching the tendency of events, and considering the policy of pushing the expedition through this winter.

Meantime the settlers on the Sioux—members of the "Dakota Land Co.," of this city, and of the "Western Land Association" of Dubuque—received intelligence of the movements of Col. N., and the threatning posture of affairs, from a negro interpreter who was dispatched from the camp above, and held meetings of consultation. After a long conference, in which nearly all the members took part, it was decided to retire also to the head of the Cottonwood, and all the members brought away what they could, and are now encamped with Col. N. They did not leave through personal fear of the Indians, for they had barricaded their houses sufficient to resist any probable attack, but because of the inconvenience of transporting provisions so far during the winter, and the danger of their being intercepted by any hungry bands. Previous to their leaving, the claim-cabin of Mr. Girard, at Falls city, agent for the Dubuque Co., was torn down and destroyed by the Indians.

The encampment of the pioneers is about 40 miles this side of Lake Benton, in a beautiful section of country. During this suspension of travel Col. N. is far from remaining idle, being busy building bridges across the Cottonwood, preparing places for expeditious fordage and opening roads where they are necessary.—*St. Paul Times 15th.*

Perilous Descent of Aeronauts.

SHELDON HOUSE, PINE ORCHARD, BRANFORD, }
Tuesday, Aug. 11, 1857. }

The quiet of this retired watering place, was greatly disturbed this afternoon, by the cry of "a balloon!" On rushing to the piazza, we noticed that a large and beautiful balloon was in sight, apparently bound towards the Long Island House. Suddenly, it rapidly descended, and to our horror, the car and its three inmates were plunged in the sea, completely out of sight, the car, which was a large wicker basket, being completely submerged.

We at once started our favorite yacht, the Active, for the rescue. The little sloop almost flew through the waves, and soon was by the side of the car, which was being dragged at a furious rate through the water. The unfortunate aeronauts, who seemed in excellent spirits, in spite of their mishap, gave the boat a hearty cheer, and requested the Captain to lie near so as to afford assistance. They had thrown out their anchor, but were drifting before the wind towards Governor's Island—one of the Thimble Islands. The yacht hastened to the shore, and the party were on hand to seize the car as it struck the rock.—It required the force of a dozen men to keep it from ascending, its passengers not daring to leave the car until the gas escaped.

We found that the aeronaut, Mr. King, ascended from New Haven at 3 P. M., accompanied by two passengers, Mr. G. F. Tuttle and Mr. P. A. Pinkernutz, who went up on a wager. The car was well provisioned, but, in the excitement of their descent, their supplies were thrown overboard. The car, when discovered, was filled with a chaos of barometers, opera-glasses, champagne bottles, and bouquets. The barometer indicated a height of two miles.

NEW ADVERTISEMENTS.

TEN YEARS'
ACQUAINTANCE WITH
West's Cement Roofing.

SUCH FACTS as are hereinto and have heretofore been presented to the public, where this roofing material has been used any considerable length of time, that the misrepresentations of the designing and unscrupulous have failed to seriously injure its reputation or impair the confidence of a discriminating public.

It is very well known that a large number of the most elegant residences, commercial stores and public edifices were covered in the city and under the protection of this *fire and water proof roofing*, and that it has given such universal satisfaction here as elsewhere, that the demand for it this season is more than double what it was last year, notwithstanding the strenuous efforts made to introduce various other articles for a similar purpose.

STRACUSE, June 15th 1857.

The undersigned has been acquainted with West's Galvanic Cement, for nearly *ten years* past, and has had it applied to buildings in several instances. He is so well satisfied with its durability and general *fire and water proof qualities* that he has applied it to some new buildings which he has erected during the past winter and spring.

There is no doubt but the *cement* is in better repute here *than ever before*. A. CRIPPEN.

STRACUSE, June 10th 1857.

This may certify that I had a building covered with West's Galvanic Cement; some *four or five years* ago and at the time of its destruction by fire last fall the roof was perfectly tight.

I have no hesitation in recommending the cement to those who wish to procure good and lasting roofs.

N. B. When the building was burned, the *roof did not take fire at all* until the roof boards burned through. ALEXANDER DUFF.

SYRACUSE, June 19, 1857.

The undersigned occupied a building covered with West's Galvanic Cement, which was burned in the great fire last fall. The roof had been on two years and at the time of the fire was apparently as good as when first put on. The fire was blown in perfect torrents of flame directly upon the roof and it did not take fire, and when the walls fell the roof was entire except where the roof boards were burned completely through; *there could not have been a more thorough trial by fire* and *nothing could have stood the test* better than this Roofing Material. S. HAMMOND,
G. P. JOHNSON.

SYRACUSE, June 18, 1855.

West's Cement Roofing is more extensively used here and in all the large towns than it ever was before.

This roofing composition rests upon its own hearrits, and *when it has been tried, needs no recommend*. There are hundreds who have had roofs on from *two to five years and not one has failed* that was well done. *It will last fifteen as long as the best tin.* N. F. GRAVES.

MILWAUKEE, July 27, 1857.

I have been a resident here twenty-two years, laid the *first brick* and topped out the first chimney in this city, and have been a builder ever since; am acquainted with all kinds of Roofing, and, in my estimation, *West Galvanic Cement* is superior to any other in use *in all respects*. WILLIAM SIVYER.

I have been extensively engaged in building for nearly twenty years in the city of Boston, and am acquainted with various kinds of Roofing material. I regard *West's Composition Roofing* as the best article for covering buildings now in use. I have had it put on to a dwelling house which I have built this season for myself.
Oshkosh, August 1st, 1857. GEO. CHASE,
Architect and Builder.

To the proprietors of West's Patent Galvanic Roofing:
GENTLEMEN:—We are some of the numerous property-holders of this city who have availed ourselves of the advantages which your Mineite Composition Roofing Material affords, and we most cheerfully and honestly say, that our experience and observations thus far, fully sustain and corroborate the proof you have heretofore presented to the public, through the Milwaukee press, of its *superior virtues of your roofing material*.

J. B. Cross, Daniel Newhall, Aranson Street, E. B. Wolcott, E. Batton, O. Alexander, M. A. Krug, B. Heller, Ernst Herzer, P. A. Hallman, builder, Tibbetts, Starkweather & Co., J. H. Tracy, Wm. P. Young, John Rockwood, B. & H. Starks, Th. Wetherbee, Babcock Bros., builders, W. H. Marshall, G. Pfister & Co., Haven Powers, G. A. Starkweather, J. H. Watt, Chapin, Gregory & Armour, Baker & Ladiam, Chas. S. Austin, J. H. Silkman, Martin Curtis, Elisha Starr, P. Lowe, W. P. Merrill, H. Ronkle, builder, Ch. Prelesser, E. Reddit & Co., Geo. F. Austin, H. A. Nicols, Martin & Rugee, saddlers, H. H. Camp.

Within the past year I have paid Three Hundred and Seventy-Three Dollars for repairing leaky and defective roofs. The Composition used for such improvements is known as West's Galvanic Cement for Roofing. I am so well satisfied of the value received for the expenditure and of the superiority of this article for roofing purposes, over any other article now in use, that I have engaged to have it applied to the building which I am having erected on the corner of East Water and Michigan sts.
ALEXANDER MITCHELL.

From our knowledge of the composition for covering buildings, saddlers, &c., as West's Galvanic Cement for Roofing, which has been very extensive y used in this city the past year, with perfect satisfaction to those who have adopted it, we most cheerfully recommend it as superior to any other article of the kind now in use and worthy of the fullest confidence of the public.

The Newhall House and the Excelsior Block, two of the most elegant and imposing structures now erected in the West are covered with this roofing material, and two more *perfectly light* and *water-proof roofs* cannot be found in this or any other city, as owners, *architects and architects* will testify. Refer to them for obvious reasons.

Numerous town and county rights have been purchased by merchants building and practical men, who are applying this roofing material in various parts of the State, from whom we are obtaining large orders for stock.

Intimental rights, with stock and printed directions, furnished at reasonable rates, to any part of the State, which can be had on application at our office, 93 E Water St.

A CARD.

I TAKE pleasure in acknowledging, on behalf of the Milwaukee & Mississippi R. R. Company, the prompt action of the "Ætna Insurance Company," of Hartford, Conn., in paying the Insurance on the Mail, Mamie Freight and Passenger building. The policy was effected on the 23d day of July. The building was destroyed by fire on the 30th day of July—seven days after effecting the Insurance, and to day I have received from their Agent, W. Henry Holland, Esq., $5,000—the amount insured. Such promptness deserves the consideration of the Insuring public. WM. JERVIS,

VOLUME XIV. MILWAUKEE DAILY SENTINEL, WEDNESDAY MORNING, AUGUST 19, 1857. NEW SERIES.

THE DAILY SENTINEL.

AUTHORS NOT FATHERS.—Mr. Walter Savage Landor has been calling the attention of the British public to the fact—made known by William Howitt—that some of Shakspeare's descendants are in needy circumstances, with a view of procuring relief for them. But it is quite impossible that any descendant of Shakspeare should be in want, because there has been no such person in existence for nearly a hundred years. Shakspeare died in 1616, leaving two daughters only, Susanna and Judith. Judith married Mr. Thomas Quinsa a short time before her father's death. Three sons were born to her, but they all died before her, and she herself died in 1662.

Susanna, the eldest daughter, married Dr. John Hall, and died 1649. The sole issue of this marriage was a daughter, Elizabeth Hall, who was born before her grandfather's death, and is mentioned in his will, though called his "niece," a word used at that time to denote relationship generally. She was twice married; first to Mr. Thomas Nash, and to Sir John Barnard, but she never had any children, and died in 1670. With her ended the direct line of Shakspeare.

It is curious how few of the great men of England, whether in literature, science, or government, have left descendants. The line of Shakspeare is extinct, as we have seen; so is that of Milton, Bacon, Newton, Harvey, Pope, Gibbon, Johnson, Swift, Lord Mansfield, Pitt, Fox, Gray, Cowper, Collins, Thompson, Goldsmith, Guy, Congreve, Hume, Bishop, Butler, Locke, Hobbes, Adam Smith, Bentham, Wollaston, Davy, Sir Joshua Reynolds, Flaxman, Gainsborough, Sir Thos. Lawrence, who were married, or never had children. Burke's son died before him and so did Smollett's daughter. Addison's daughter died unmarried. We are not aware that there are any lineal representatives of Chaucer, Spenser, Dryden, Jeremy Taylor, Hooker, or Barrow. We have only mentioned such names as occurred to us without a book; a little research might doubtless much increase the list.—*Boston Courier.*

THE THING THAT SHOULD BIND THE TWO NATIONS TOGETHER.—Frederick Peel, when he was taken to the Atlantic Submarine Telegraph Company's Office, and saw the miles upon miles of iron wire cable, shook his head most ominously, and a tear was observed to steal into his manly eye, as he said in a tone of the deepest despondency, "Ah! ah! A sad mistake—it should have been red tape!"—*Punch.*

A HERO'S JOKE.—If brevity is the soul of wit, Sir Colin Campbell, when in answer to the question, how soon he could start for India, he answered, "To-morrow!" uttered one of the smartest recorded pieces of ready wit.—*Punch.*

$100 PER MONTH and expenses will be paid to a man with a capital of from $ 3 to $5 to engage in a new business, already in successful operation in some of the New England States. Any active, capable person introducing it into the Western States will be sure to realize a fortune in a very short time. A full description of the business, with instructions how to engage in it with success, will be forwarded to the address of any person forwarding to the address of the subscriber, one dollar, together with a letter stamp for the return of letter. The business may be made permanent in every city and village in the land, is very easily carried on, and the profits are large, as the public are in want of the articles we offer for sale. Those who send us their address will be informed how they can make from $10 to $20 per day, and upwards, by their own exertions. Those who want profitable employment, with but little capital, will do well to send their address. Those who want to make money fast, should not delay writing to us. Address, with stamp, ROBT. B. OGDEN & WALL,
CITY LAND OFFICE.

City Land Office,
Sale of Lots in Judge Smith's Addition.

PRICE TIME IN AT HAND when the sales of Lots in Judge Smith's Addition is to close off. On Wednesday next at the City Land Office, we will offer them, and on such easy terms that they can be paid for with secure any trouble. The names of the streets are now put up at every corner, and a person with map in hand may readily find every lot in the tract. Go and select those you like and come to the sale prepared to give their value.

TO RENT.

ONE of the most comfortable houses in the city, on Prospect, near Mason st. The rent is very low.
aug15 OGDEN & WALL.

CITY LAND OFFICE.

THE Maps of Judge Smith's Addition, 5th Ward, are now ready for delivery, and all are invited to call and get one. The sale of said lots takes place on the 19th day of August, at 10 o'clock A. M., at our Land Office on Michigan street, opposite the Newhall House. The terms of sale are very easy: Eight years credit, by making yearly payments. The first payment is twenty per cent. There is no part of the City of Milwaukee so beautiful and inviting as Judge Smith's addition. The fact is, too much cannot be said about it. For the purpose of giving every one a good opportunity of seeing Judge Smith's addition, we will have our carriages at our Land Office every day, from 11 A. M., until 3 P. M., and will with pleasure give any one a ride to said Addition, and give them all information about the lots. Three days previous to the sale we will have all the omnibuses in the City engaged to convey all who may be desirous to view the said Addition. The sale on the 19th of August, recollect, takes place at our Land Office on Michigan Street. We desire that every one should see this addition, and secure themselves a home, in what we think is the most beautiful spot of Milwaukee.

IN PALMER & CO.'S ADDITION

ABOUT fifty lots yet remain to be sold, and although the opportunity here offered to secure a lot or a number of lots, has before been presented in Milwaukee, and most certainly brings a title to homestead within the reach of every one, as more than one hundred persons who have already availed themselves of our method of selling can testify, still we consider its benefits not exhausted and intend to continue to furnish homes to the mechanics and laboring classes, on terms adapted to their means as heretofore. Let every man who wants a home call and see me.

PRAIRIE DU CHIEN AND ST. PAUL
PACKET CO.
IN CONNECTION WITH
MILWAUKEE & MISSISSIPPI R. R.
SHIPPERS OF FREIGHT and the Merchants of the Upper Mississippi River are notified that merchandize for the various Landings marked to the care of the Milwaukee & Mississippi Rail Road at Prairie du Chien, will be received there on the levee by the undersigned for shipment at Tariff Rates:—
By steamer Milwaukee, Captain Hewitt.
" Itasca, " Whitten.
" Ocean Wave, " Ames.
One of which new and powerful side wheel boats leaves the Prairie every day at 5 o'clock for St Paul, arriving there the next day at 10 o'clock A. M.
It is the object of both the Road and the Boats to prevent all unnecessary charges, and as goods are transferred by the Rail Road Company directly from the cars to the levee, without any expense to the consignee, no commissions whatever will be permitted to be charged.
Merchants will bear this in mind in making their shipments, and as it is the intention of every one connected with this Route to make it a popular one, no delay will take place in sending freights forward.
For Prairie du Chien Packet Company.
